## 2. Once you are registered, you have different options

### Customize your entry page on the EuroDNS site:

As a Registered EuroDNS Affiliate, you can customise the presentation of your organisation on the EuroDNS website very easily. We offer you the opportunity to add your own Logo to the welcome page presented to your referral visitors. You can also choose where you want the EuroDNS name to appear on the introduction screen, as well as select from a choice of color schemes to be used on this entry page.

### Create a link from your website:

The EuroDNS Affiliate program creates the necessary Hyperlink codes for Affiliates to use on their own website. This link redirects your referral visitor to your branded EuroDNS portal and all his orders will be added to your statement. It also identifies the client as being referred from your website.

### Search Boxes:

Pick your Domain Name Search box, from a large panel of layout and design. Integrate it on your website and customize it!

### Our Affiliate program is much more than a simple Link:

Fill out the **Affiliate application for free** and you will have access to your own Affiliate Program. We pay a minimum of 15% for every first order generated by each new client you introduce to EuroDNS from your affiliate link to our website. Promote your affiliate Program now!
